Announcements:

The bulk of this month's written homework will be the "December" project. This project allows your child to create an independent project based on cultures and traditions, our current reading theme and social studies focus. Please see the separate handout sent home on Monday, November 26. It is available online at <http://homework.teamhendricks.com>

COMPUTATIONAL FLUENCY PRACTICE – The third grade benchmark is to complete all addition and subtraction fact goals by the end of the first marking period (November 16th). If your child is not nearing completion of subtraction facts, your child should be studying 10 minutes **every day** (including weekends).
